Technical Skills

Backend: C#, ASP.NET (MVC, .NET Core), Web API, Entity Framework
Frontend: HTML5, CSS3, Bootstrap, JavaScript, jQuery, AngularJS
Databases: SQL Server, Relational Databases, MS-SQL Scripting
Mobile Development: Flutter (Beginner)
Tools & Version Control: Git, Trello, Notion, Miro, MS Project, Azure DevOps
Other: Object-Oriented Programming (OOP), RESTful APIs, Agile & Scrum methodologies

Professional Summary

Results-driven Full-Stack .NET Developer with 4 years of experience in backend and frontend development. Proficient in C#, ASP.NET (MVC, .NET Core), Web API, and SQL Server. Skilled in front-end technologies including HTML, CSS, JavaScript, Bootstrap, jQuery, and AngularJS. Passionate about writing clean, efficient code and continuously expanding expertise, including Flutter for mobile development. Strong problem-solving skills with experience in API development, database optimization, and Agile methodologies.

Professional Experience

Payment Processor

Clarity Debt Resolution | Oct 2024 - Jan 2025

- Processed high-volume client payments while ensuring compliance with financial regulations.
- Verified payment details, prepared financial reports, and resolved discrepancies efficiently.
- Maintained transaction accuracy and collaborated with teams to enhance client satisfaction.

Full-Stack Developer

QTech Networks | Sep 2021 - Jun 2024

- Developed and maintained scalable web applications using C#, ASP.NET (MVC & Web API), and SQL Server.
- Designed responsive UI components with HTML, CSS, JavaScript, Bootstrap, and jQuery to enhance user experience.
- Built and optimized RESTful APIs for seamless front-end and back-end integration.
- Improved database performance through MS-SQL scripting, stored procedures, and indexing.
- Collaborated in Agile teams to deliver high-quality software within deadlines.

Front-End Developer

JoLife | April 2017 - Mar 2018

- April Designed and implemented modern UI components using HTML5, CSS3, JavaScript, and AngularJS.
- Optimized website responsiveness and ensured cross-browser compatibility.
- Integrated third-party APIs to enhance interactive UI features.

Sales Representative

CrystelCall | Jun 2012 - Jul 2013

- Developed strong communication and problem-solving skills while engaging with customers.
-

Certificates

Pearson | Completed in January 2017

German Jordan University(GJU) | April 2015 – January 2016 | 250 hours

Projects

PDQA

A .NET-based application for promoting tourism and seafood cooking in C-Shells.

- Technologies: .NET Framework, SQL Server, Three-Tier Architecture
 - Key Contributions:
 - Designed the database architecture using SQL Server.
 - Developed the backend logic using .NET Framework.
 - Implemented three-tier architecture for better scalability.
-

- Integrated real-time data from local tourism boards and seafood markets.

PMS (Property Management System)

A .NET-based property rental management system for a Dubai-based client.

- **Technologies:** .NET Framework, SQL Server, Three-Tier Architecture
- **Key Contributions:**
 - Designed and developed the relational database in SQL Server.
 - Built secure backend APIs for property rental and payment processing.
 - Implemented three-tier architecture to enhance maintainability.

Education

Bachelor's Degree in Management Information Systems (MIS)

Israa University | 2020 - Present (Expected Graduation: 2025)

Diploma in Web Development

Pioneers Academy | 2015 - 2016

- Covered HTML, CSS, JavaScript, C#, ASP.NET, SQL Server, jQuery.

Languages

- **Arabic:** Native
- **English:** Fluent

Soft Skills

- **Problem-Solving & Debugging**
- **Team Collaboration & Communication**
- **Time Management & Task Prioritization**

Additional Information

- **Open to relocation**
 - **Available for remote and on-site work**
-
