Professional Summary

Backend-focused .NET Developer with 3+ years of experience designing, developing, and optimizing web applications using C#, ASP.NET (MVC & Core), Web API, and SQL Server. Adept at writing clean and scalable backend logic, building secure APIs, and enhancing database performance. Strong background in Agile development and collaborative team environments.

Technical Skills

Languages & Frameworks: C#, ASP.NET MVC, ASP.NET Core, Web API

Databases: SQL Server, T-SQL, Stored Procedures, Indexing

Frontend (basic): HTML5, CSS3, Bootstrap, JavaScript, jQuery, AngularJS

Tools: Git, Azure DevOps, Trello, Notion, MS Project, Miro

Architecture & Practices: RESTful APIs, Three-Tier Architecture, OOP, Agile & Scrum

Experience

QTech Networks — Full-Stack .NET Developer (Sep 2021 – Jun 2024 | Amman, Jordan)

- Built and maintained scalable backend systems using C#, ASP.NET MVC/Web API.
- Designed SQL Server databases and optimized queries, improving performance by 35%.
- Developed RESTful APIs to ensure seamless frontend-backend integration.
- Participated in Agile ceremonies and collaborated with cross-functional teams.

Clarity Debt Resolution — Payment Processor (Oct 2024 – Jan 2025)

- Processed high-volume transactions with a focus on accuracy and compliance.
- Generated financial reports and resolved discrepancies in payment processing.
- Maintained data consistency and streamlined reporting workflows.

JoLife — Front-End Developer (Apr 2017 – Mar 2018 | Amman, Jordan)

- Developed user interfaces using HTML, CSS, JavaScript, and AngularJS.

- Integrated third-party APIs and ensured responsive design compatibility.

Projects

PMS (Property Management System)

- Designed and implemented a .NET-based solution for property rentals and payment tracking.
- Created and optimized a relational database using SQL Server.
- Developed backend APIs and implemented three-tier architecture for scalability.

PDQA (Tourism & Seafood App)

- Built a backend system for promoting tourism and seafood culture in C-Shells.
- Designed the database and developed backend services with .NET Framework.
- Integrated APIs from tourism boards and seafood markets for real-time updates.

Education

Bachelor's Degree in Management Information Systems (MIS)

Israa University | June 2025

Diploma in Web Development

Pioneers Academy | 2015 – 2016

Covered C#, ASP.NET, SQL Server, HTML, CSS, JavaScript, jQuery

Languages

Arabic: Native

English: Fluent

Soft Skills

Problem Solving & Debugging

Collaboration & Communication

Time Management & Task Prioritization

Availability

Available for remote and on-site opportunities
